**Arturo C. Sotomayor** is an assistant professor in the Department of National Security Affairs at the Naval Postgraduate School. He is coeditor of *Mexico's Security Failure: Collapse into Criminal Violence* and *El mundo desde México: ensayos de política internacional*.

## The Myth of the Democratic Peacekeeper

Civil-Military Relations and the United Nations

**Arturo C. Sotomayor**

*The Myth of the Democratic Peacekeeper* reevaluates how United Nations peacekeeping missions reform (or fail to reform) their participating members. It investigates how such missions affect military organizations and civil-military relations as countries transition to a more democratic system.

"This myth-shattering book will be the standard reference on Latin American peacekeepers for years to come."—David Pion-Berlin, University of California, Riverside

"Finally, a book that effectively unpacks the black box of peacekeeping missions to explain how they impact the militaries that participate in them. . . . A must-read, both for scholars who study the armed forces and for practitioners who see participation in peacekeeping missions of any stripe as a solution to the challenges of military reform."—Kristina Mani, Oberlin College

Two-thirds of the UN's peacekeepers come from developing nations, many of which are transitioning to democracy as well. The assumption is that these "blue helmet" peacekeepers learn not only to appreciate democratic principles through their mission work but also to develop an international outlook and new ideas about conflict prevention. Arturo C. Sotomayor debunks this myth, arguing that democratic practices don't just "rub off" on UN peacekeepers. So what, if any, benefit accrues to these troops from emerging democracies?

*The Myth of the Democratic Peacekeeper* contributes to international relations theory and to substantive issues in civil-military relations and comparative politics. It provides a novel argument about how peacekeeping works and further insight into how international factors affect domestic politics as well as how international institutions affect democratizing efforts.
